Note: Inserting is an approximate service. The inserting machine may miss or double up occasionally. Papers are inserted and bundled in 100s and routes are not in even 100s, so some routes may get inserted papers where not intended, or parts of routes may not get inserts. Some apartment buildings will be covered by residential carrier, some by our commercial carrier who would not have the inserted papers. If you are relying on delivery to apartment buildings, let your rep know as you are planning. Our commercial routes use about 3,800 papers and can be purchased as a single route if you are trying to reach businesses and shoppers who may or may not live in the coverage area.
